Need Help?   **Back to Your Projects**

Your Team ID: Intel 1
Project Name: Can We Safely Surf the Internet?
Prompt: Rank the severity of the ICT-related issue below. Place the most severe issue at the top of the list. Be prepared to defend your selections. Each statement begins: "Learners..."

...play with the Internet instead of work on a project in Word and Excel.

...view inappropriate content while working on a class project at home.

...use e-mail to spread stories about a classmate over the Internet.

...view inappropriate content while working on a class project at school.

...copy photos from the internet and use them in a PowerPoint presentation.

...do not record the url of websites they use for research.

...photograph an exam paper with a phone, and email it to a friends.
